Dear Sir/Madam

RE: APPLICATION FOR FARM MANAGER/ AGRONOMIST POSITION

Refer to the heading above,

I am writing to apply for the position of farm manager/ agronomist position was recently advertised as being open at your office, with my skills, education and experience makes me with a candidate with necessary abilities to do all necessary activities associated with farm manager/ agronomist position and perform above the expectation. Having worked in plantation and agronomist department for several years I'm competent enough in this field. I believe I would be able to participate and impact considerably the ongoing success of your organization.

I was work at MACJARO limited as a production manager. This role has helped me to develop my abilities in key farming areas as well as administration areas such as planting, land preparation, surveying and pegging, feeding program, irrigation program, harvesting, weeds control, thinning and other administrative jobs.

Together with this letter. I attach my CV to give you more information about my background and how I really fit in this position. Thank you for your attention and consideration of my application.

Yours faithfully,

A. Mushi
