C. +255763668558

Dar Es Salaam

## SUMMARY

An emerging professional who utilizes his strengths to make a positive impact, and a team player enjoying gathering, organizing and analyzing of information in handling troubleshooting tasks.

## SKILLS

- Technical report writing.
- Problem-solving abilities
- Environmental assessments
- Data collection & analysis
- Microsoft project and Excel
- AutoCAD
- Minitab

## EDUCATION

### **Bachelor of Science in Mining Engineering, 2019**

University of Dar Es Salaam

### **Advanced Certificate of Secondary**

### **Education (ACSE), 2019**

Eagles Secondary School

### **Certificate of Secondary Education (CSEE), 2012**

Mwanga Secondary School

## EXPERIENCE

### North Mara Gold Mine

Industrial Practical Trainee, Mara, 07/2018 to 09/2018

- Quality control and Quality assurance (QAQC) to check if the engineer design parameters correctly done.
- Fleet management to optimize haulage cycle and reduce truck idle time.
- Ore mark up to establish boundaries that defines the ore from waste.

### Bulyanhulu Gold Mine

Industrial Trainee, Shinyanga, 07/2017 to 09/2017

- Drilling off siding and charging of the drill holes with explosives.
- Monitoring and control of airborne pollutants
- Performed underground mine survey.

### Williamson Diamond Mine, Mwadui

Industrial Trainee, Shinyanga 07/2016 to 09/2016

- Performed surface mine survey.
- Pit face mapping to determine the nature of rocks exposed during mining process.
- Ore spotting, providing guidance to digger operator in order to maximize extraction and minimize dilution.
