QUALIFIED MATHEMATICS AND ICT TEACHER

I'm a dedicated Mathematics and ICT educator, having earned a Bachelor's of Science with Education in Mathematics and ICT from Mzumbe University Main Campus in 2022. Currently, I serve as a full-time teaching assistant, aspiring to progress into a role as a dedicated class or subject teacher within the primary or secondary school setting. My passion for fostering inclusive learning environments is complemented by hands-on experience and a commitment to educational excellence.

STRENGTHS AND EXPERTISE

SEN Intervention Tutoring, Student Counseling (Psychology)	Teaching Advanced Mathematics, Teaching Basic Mathematics, Teaching Digital Literacy	Child Protection & Safeguarding, Team & Class Leadership, Boarding Matroning

PROFESSIONAL EXPERIENCE

Morogoro International School
Full-Time Teaching Assistant

August 2023 - Present

Summary: Currently excelling as a teaching assistant, specializing in primary education and contributing to the Special Education Needs (SEN) department.

- Conducted extensive phonics tutoring, guided reading, and comprehension exercises, enhancing students' literacy skills.
- Provided targeted SEN intervention tutoring, addressing individual learning needs and promoting inclusivity.
- Collaborated with teachers and parents to implement effective strategies, resulting in notable improvements in students' literacy and numeracy skills.

Morogoro International School
Teaching Assistant (Intern) & Boarding Matron

August 2022 - February 2023

Summary: Transitioned into a multifaceted role, supporting primary classes academically and assuming responsibilities as a boarding matron.

- Assisted primary classes in various subjects, including providing individualized support for students with diverse learning needs.
- Acted as a boarding matron, ensuring the well-being and safety of students residing in the boarding facilities.
- Successfully completed child protection and safeguarding training, contributing to the school's commitment to a secure learning environment.

Dodoma Secondary School
Mathematics Teacher (Intern)

August 2021 - October 2021

Summary: Advanced teaching skills by providing in-depth instruction in quadratic equations and coordinate geometry to Form 1 and Form 2 students.

- Developed and delivered comprehensive lessons on quadratic equations and coordinate geometry, tailoring content to different learning styles.
- Employed innovative assessment methods to gauge student progress, facilitating a student-centered approach to learning.
- Established a positive classroom environment, fostering open communication and creating a conducive space for effective learning.

Viwandani Secondary School
Mathematics Teacher (Intern)

August 2020 - October 2020

Summary: Initiated teaching career through an internship, delivering foundational mathematics education to Form 1 and Form 2 students.

- Designed and executed engaging lesson plans for Basic Mathematics, fostering a comprehensive understanding among Year 8 and Year 9 students.
- Implemented creative teaching methodologies, such as interactive activities and visual aids, resulting in increased student participation and comprehension.
- Collaborated with fellow educators to develop supplementary materials, contributing to a more holistic and diversified learning experience
