PROFESSIONAL SUMMARY

I am a passionate IT professional with a focus on network administration and cybersecurity. I have experience working with network configurations, troubleshooting, and securing IT infrastructures. Currently, I'm preparing for CCNA and CEH certifications to deepen my expertise in networking and ethical hacking. My goal is to enhance security measures and ensure robust network performance in any organization I work with. I enjoy hands-on learning, experimenting with cybersecurity tools, and staying ahead of emerging threats in the tech world.
