PROFESSIONAL EXPERIENCE

Electrical Engineer - Yapi Merkezi (Construction Company)

Dodoma, Tanzania | 2021 - 2023

- Oversaw electrical installations and maintenance for the Standard Gauge Railway (SGR) project.
- Conducted inspections, testing, and commissioning of electrical systems in compliance with safety and quality standards.
- Collaborated with multidisciplinary teams to ensure seamless integration of electrical infrastructure.
- Coordinated with procurement and warehouse departments to ensure timely availability of electrical materials.
- Prepared technical documentation and reported project progress to senior engineers.
- Ensured compliance with OSHA safety standards and participated in safety inspections.

Material Supervisor - Atlantic Metal (Manufacturing and Installation)

Dar es Salaam, Tanzania | 2023 - 2025

- Oversaw all material-related activities, including receiving, inspecting, storing, and issuing materials for fabrication and installation projects.
- Coordinated daily with procurement to track orders, verify deliveries, and report shortages or discrepancies.
- Worked closely with the warehouse team to maintain accurate stock records and ensure proper storage and labeling.
- Collaborated with accountants to reconcile invoices and track material costs for project budgeting.
- Monitored material flow to minimize waste and ensure timely availability for site needs.
- Prepared daily usage reports and ensured documentation accuracy for internal audits and project reviews.
